

**Remarks**

The indication of allowability of claims 1 and 10 is noted with appreciation.

The above amendment adds no new matter and raises no new issues since the amendment merely cancels claim 8.

The amendment was not presented earlier since the need therefore was not recognized or apparent until the remarks of the Examiner in the final rejection.

Amended drawings were submitted with the last response. Acknowledgement and acceptance thereof by the Examiner is courteously requested.

Since claim 8 was the only remaining claim for which there was an outstanding rejection, and that claim has now been canceled, it is clear that the application is now in condition for allowance, which action is respectfully requested.

Respectfully submitted,
